GOOD comments

When people take the time to write a post, it's fantastic if you can find the time to write a comment to let them know what you thought. When you write comments, try to keep these things in mind:

1. Be positive! Remember to tell the poster the things you liked about the post.
2. If you have any criticism, then write it down, but be positive. Use comments like 'even better if' or try two stars and a wish.
3. Just saying "good work" might make the poster feel good, but even better would be saying *why* it's good work.
4. Comments can be read by anyone from all over the world - teachers, parents, governors, politicians, even celebrities! Please use your best writing skills and try to be as accurate as possible with spellings - **take pride in your comments!**
